

 **RESTORE-cognition**

You participated in the RESTORE study between 2009 and 2014 when your child was in the ICU.

[www.restorenetwork.org](http://www.restorenetwork.org)

We are contacting you to see if you would like to participate in the follow up study –called RESTORE-Cognition.

[www.restorecognition.com](http://www.restorecognition.com)

The University of Pennsylvania and Seattle Children's Hospital are studying how children who were on sedation medicines and mechanical ventilators are doing years after their discharge.

**Here is important information about the study:**

- The study includes one **15-minute phone interview:**
  - Confirm eligibility
  - Update contact information and your child's medical history.
- The study includes **one study visit:**
  - 2 ½ hour visit
  - Your child completes paper tests that measure thinking and development
  - A parent completes questionnaires and surveys.
- **If eligible, receive \$170 for completing study activities.**
- **Travel expenses may be reimbursed.**
- **Siblings may also be eligible to participate and also receive \$150.00**

We are scheduling appointments at a clinic near you.

**Call or email to schedule:**

**Amy Cassidy**

**(215) 898-4151**

**[acassidy@upenn.edu](mailto:acassidy@upenn.edu)**

We look forward to hearing from you soon!

**Thank you for your time and consideration.**

If you do not wish to be contacted again about this study, please contact the Study Manager at 215-898-4151.

*Participating in this study is voluntary. Whether or not you participate in this study will have no effect on your relationship or future care with the participating institutions.*
